Our mission

Our mission

RubyConf Portugal is an event about Ruby - open-source, dynamic, productive programming language.

This type of events occur all over Europe, but this will be the **first ever in Portugal!**

We will have a diverse, curated speaker roster, as well as sponsors and attendees from **all over the globe.**

We're committed to:

- Create an exciting environment, to engage attendees and help them become more effective at developing software with Ruby.
- Inspirational talks from industry leaders about the directions which the language and the community are taking.
- A clear path to improve your skills and become a better developer
- Lots of fun, wine and new friendships!

Why Braga?

Why Braga?

If you're not portuguese or you don't know Portugal very well, you're probably asking yourself : "Where the hell is Braga?"

Braga can be described as an ancient, historic city, filled with young people, determined to make a difference. We have great tech companies here, with major international relevance, as well as young companies and startups.

Braga is Portugal's third biggest city, with an amazing history and a great University. It was also the European Youth Capital in 2012, and it's 30 mins away from Porto, the second biggest city of Portugal and the coolest city of Europe. You probably already heard of it, at least about the Port Wine and the OPO airport.

Venue

Venue

Colunata - Bom Jesus, Braga

Colunata is a historic and mystical venue located on top of the mountains, that offers a breath-taking view of the entire city and unique conditions to organize such an event.

With a capacity of 250 people, 4 hotels at a walking distance and great accessibility, it will give the attendees the best possible experience of Braga.
